STACK CANADIANA R310

Leader Publishing Co.

LIMITED

Buy Your Advertising on the Basis of Value

The Morning Leader with the largest circulation—by many thousands—in Saskatchewan, offers you the best **Value.** It goes into more homes and exerts a greater influence upon its readers. Therefore advertisers find it pays to use **The Morning Leader,** and to use it continuously.

The Leader is the great "Want Ad. Medium" of the Middle West—the result-getter.

"The Regina Daily Post Forges Ahead"

The rapid increase in circulation during the past year demonstrates how rapidly The Daily Post is becoming Regina's most popular newspaper. This increased demand is due to its great popularity in the home, appealing as it does to every member of the family.

"THE POST GOES HOME"

Being an evening newspaper, if bought at a news stand or on the street, the purchaser takes The Post HOME so that he and his family may enjoy at their leisure the last-minute local and foreign news items which The Post contains.

Being an Evening Medium, and having the Largest Home Circulation In Regina, *THE POST* is naturally the accepted Advertising Medium of the City : : :

97% of our subscribers have paid in advance. Out of these 93% have paid for a period of three months and more.

Introductory

THE PUBLISHERS take pleasure in presenting herewith the Eleventh Annual Edition of Henderson's Regina Directory, this edition being the fifth published during the Great War.

This Edition embraces the area of GREATER REGINA, comprising the territory of the City proper, and all Suburbs, Subdivisions and environs.

The Advertising Department presents the names of corporations, firms and individuals who are making Regina the great city that it is, and who are a power in the financial, industrial and commercial world of Western Canada.

The Miscellaneous Section in the front part of the volume contains up-to-date statistics and information, much of which is not to be found elsewhere in print.

The value of the street section is often unappreciated by some who desire to find a certain house on a street unfamiliar to them to the extent it should be. By application of the following example the location of any street number can be found expeditiously: Suppose 2159 Smith Street is wanted: refer to street section Smith Street—glance down to 2159, then to the nearest intersection to 2159. It will be found that this number is on the east side of the street, five houses north of 14th Avenue, between 13th and 14th Avenues.

The Classified Directory contains a complete alphabetically arranged list of all articles manufactured and sold in Regina, which forms a most efficient wholesale and retail buyer's guide.

ADVERTISING REGINA

The Regina Directory is placed in the Directory and Public Libraries throughout the United States and Canada, where it serves the public as a valuable book of reference and the city it represents as a splendid standing advertisement, for no other publication can convey such an idea of the city, its business interests and all the various institutions and organizations. Few people realize what splendid publicity this affords the City and its industries.

The Publishers desire to thank their patrons and the general public for the courtesy extended, at all times, to their representatives, and to say that they fully appreciate the confidence which the business and professional men of Regina have always shown in their publications.

HENDERSON DIRECTORIES, LTD.

PART 1

City of Regina

Regina is situated in lat. 50.30, long. 105, 357 miles west of Winnipeg and 1,125 miles east of Vancouver, and is served by the three transcontinental lines, viz., the Canadian Pacific, the Canadian Northern and the Grand Trunk Pacific railways.

Regina was incorporated as a city on June 19, 1903, and is now the capital and seat of government of the Province of Saskatchewan.

The Parliament Buildings, the erection of which was commenced in the fall of 1908, stands in its own grounds of about 160 acres, south of Wascana Lake and within the city limits.

It has well been said that there are no parliament buildings more dignified or better adapted to the needs of legislative work than those of the Saskatchewan capital.

The building is constructed of Tyndall stone, fireproof throughout, at a cost to date of approximately $1,900,000, the erection being commenced in the fall of 1908, and the departmental offices occupied in the fall of 1910. The length of the building is about 543 feet, and the height of the dome approximately 187 feet. The central portion is 98 feet in width and 267 feet in depth with a wing on either side, each 222 feet long and 72 feet in depth.

The City Council is composed of a Mayor and ten Aldermen. The Mayor is elected annually by a vote of the entire city, and commencing with the Municipal Election of December, 1914, the Aldermen have also been elected from the city at large. Prior to that time they were elected annually from the five wards of the city, two representatives to each ward. The bylaw making this change was ratified by the electors on the 10th of August, 1914, and provided for the abolition of the ward system and for the reversion to the system of the election of aldermen by a general vote of the electors.

Regina is undoubtedly the financial centre of the province, and its development in this respect is very remarkable. Fourteen of the leading Canadian banks now have branches in the city, the majority of them having erected substantial and elaborate offices of their own.

The Bank Clearing House Association was established in 1909 and the clearings for 1911 were $73,032,088, an increase of 46 per cent. over 1910, placing Regina as the second city in the Dominion in this respect, Edmonton being first with an increase of 70 per cent. The clearings for 1912 were $115,727,648, showing an increase over 1911 of $42,695,560. The clearings for 1913 were $132,087,457, showing an increase of $16,359,809 over those of 1912, and being the largest turnover the Clearing House has ever recorded. The clearings for 1914 were $98,205,541.65, and notwithstanding the unprecedented financial conditions created by the war the clearings for 1915 were $87,122,611. In 1916 the clearings were even greater, being $124,349,589. In 1917 the clearings were $169,800,113.

A very large volume of business is transacted in the purchase and sale of bonds and debentures of the municipalities and school districts of Manitoba, Saskatchewan and Alberta.

Regina is justly entitled to be termed one of the best served railway cities in Western Canada. Twelve lines of railway radiate in all directions from the city, and the C.P.R., C.N.R. and G.T.P. vie with each other in their endeavor to give Regina an excellent train service.

The Great Northern Railway will have direct communication between Regina, Minneapolis, St. Paul and other southern cities over the G.T.P. Railroad Boundary Line. In addition to the lines in operation, bonds have been guaranteed by the Provincial Government for ten additional branch lines which, when completed, will make a total of twenty-two railway lines radiating in all directions from Regina. A new union depot for the C.P.R. and C.N.R., thoroughly modern and up-to-date in every particular, has been erected and is now in use, but the C.N.R. has acquired considerable property in the east end of the city, and it would seem probable that this company will erect a passenger depot of its own in the near future.

The G.T.P. plans under way include the erection of a station, a magnificent hotel, power house, laundry, train sheds and underground tunnel to cost in all approximately $2,000,000. The foundation and steel work for the hotel has been started. This investment, made by a company such as the G.T.P., speaks volumes for its faith in the city's future.

Owing to its geographical situation in the heart of the grain growing district of Western Canada and with unequalled railway facilities, Regina is one of the largest distributing points for agricultural implements in the world, and practically every Canadian and American implement manufacturing firm of any importance has its agency in the city. The advantages for the distribution of other lines of goods are on a par with those for agricultural implements, and Regina has a large number of manufacturing concerns, some 114 wholesale and over 360 retail houses.

The city is a firm believer in municipal ownership and owns its street railway, of which it has some 30 miles constructed within the city limits; light and power plant, supplying cheap light and power; and water system, the water being obtained from springs distant some eight miles. With regard to the two last mentioned utilities, the city has planned the expansion of the present systems so that, when complete, they will provide for a population many times the number of the present one, supply sufficient power and provide adequate fire protection throughout the city.

In connection with cheap power the city in 1914 entered into an agreement with Messrs. Coste & McAuley for the supply of natural gas. The city intends to arrange for the distribution of the gas within its limits, retaining full control of the utility as it has done with its other utilities.

During 1914 the city extended its municipal ownership still further by the establishment of a Municipal Stock Yards on a scale sufficiently large to accommodate all the livestock raised in the province. The yards were opened in September, 1914, and considerable business has been carried on. The ultimate aim of the city, however, is the provision of an up-to-date stock yard to furnish a good market for all stock raised in the country tributary to the city.

The city's public market, under the control of the Local Council of Women, contributes in no small measure to the welfare of the residents for Regina and to the people in the districts surrounding the city, in providing an open market for the sale and purchase of all kinds of supplies at first cost.

As a residential centre, Regina offers every inducement to the homeseeker. In this respect it has been referred to as "the City of Beautiful Homes."

From the educational and social points of view the city also offers every advantage. With a population of about 40,000, the city has the Regina College, St. Chad's College and the Provincial Government Normal School, all carried out in Gothic treatment, and a Collegiate Institute of classic design. A magnificent college is projected by the Presbyterians, their scheme including the purchase of some three or four hundred acres of ground on which to erect college buildings at a cost of about $1,000,000, making provision for the education of both sexes, also a hospital and other buildings in connection with same. The Roman Catholics have also expressed their intention of erecting a substantial college. From these points it will be seen that the city although not fortunate enough to possess the Provincial University, may claim to be the educational centre of the province. In addition to the above, there are some 15 public and separate schools, 29 churches, Y.M.C.A. and Y.W.C.A.; two public hospitals and several private nursing homes; a public library with two branches; several business colleges and numerous societies for the advancement of art, music, literature and science, one daily morning paper, one daily evening paper, two weekly papers and several monthly trade publications.

As to amusements, the city has a first-class theatre and another with a seating capacity for 1,200 will be completed this year at a cost of about $100,000. There are also some three moving picture theatres. The lake adjoining the parliament buildings offers facilities for boating, bathing and skating. Many fraternal societies and other organizations exist, devoted to amateur theatricals, cards, debates, etc. The city is within easy distance of Last Mountain and Katepwa Lakes, two of the beauty spots of the province, and delightful holiday resorts, offering unequalled facilities for bathing, fishing and boating.

Regina is one of the best paved cities in Canada for its size, having some 30 miles of paved streets, 75 miles of graded streets; 42 miles of granolithic and 72 miles of plank sidewalks. The city also has 69 miles of sewer with 6,079 connections; 73 miles of water mains with 515 hydrants and 3,948 house connections; 4 fire stations with some 36 firemen and a full equipment of the most modern fire fighting apparatus, some 257 acres of parks, a trunk sewer and sewage disposal works, and an incinerator plant for the disposal of garbage.

Regina's Municipal Buildings would do credit to a far larger city. The funds for their erection have been to a great extent provided by the sale of the townsite lands, yet the city still possesses an asset in its unsold warehouse property which is assessed at some $2,112,030.

Regina is also the headquarters of Military District No. 12 which comprises the Province of Saskatchewan. This adds much to the business and social life of the city.

PART II

Civic Administration

Mayors Since Incorporation

From the date of incorporation as a town, in the year 1883, to the date of incorporation as a city, June 19, 1913:

1884—D. L. Scott, Q.C.
1885—D. L. Scott, Q.C.
1886—Dan Mowat
1887—Dan Mowat
1888—W. Cayley Hamilton, Q.C.
1889—J. W. Smith
1890—J. A. McCaul
1891—R. H. Williams
1892—R. H. Williams
1893—J. H. C. Willoughby, M.D.
1894—Robert Martin
1895—G. T. Marsh
1896—W. F. Eddy
1897—W. F. Eddy
1898—F. N. Darke
1899—J. K. McInnis
1900—W. T. Mollard
1901—W. T. Mollard
1902—J. W. Smith
1903—J. W. Smith

From the date of incorporation as a city, June 19, 1903:

1904—H. W. Laird
1905—H. W. Laird
1906—P. McAra, Jr.
1907—J. W. Smith
1908—J. W. Smith
1909—R. H. Williams
1910—R. H. Williams
1911—P. McAra, Jr.
1912—P. McAra, Jr.
1913—Robert Martin
1914—Robert Martin
1915—James Balfour
1916—W. D. Cowan, D.D.S.
1917—W. D. Cowan, D.D.S.
1918—Henry Black

CITY COUNCIL, 1918

Mayor

	Term Office
Henry Black	1918

Aldermen

H. Perry	1918-19
F. G. England	1918-19
H. H. Campkin	1918-19
A. G. MacKinnon	1918-19
J. A. Rose, M.D.	1918-19
Jas. Grassick	1918
Jas. Habkirk	1918
Alex. Young	1918
A. C. Froom	1918
A. MacBeth	1918

COMMITTEES OF COUNCIL

At the beginning of 1916 the Council abolished the various Standing Committees and substituted therefore "The Special Committee of the Whole Council," which meets every Monday morning at 9 o'clock. This Committee undertakes the duties and performs the functions of the former Standing Committees. The Deputy Mayor is the Chairman.

Sub-Committees are appointed from this large Committee from time to time for the purpose of considering and reporting upon particular subjects and on any matters which may be referred to them.

CIVIC OFFICIALS

Mayor—Henry Black
Commissioner—L. A. Thornton
Solicitor—G. F. Blair
Assistant Solicitor—H. E. Grosch
Clerk—G. Beach
Acting Engineer—D. A. R. McCannel
Medical Health Officer—M. R. Bow, M.D.
Auditors—Gladwell, Wilson & Co.
Treasurer—John E. Snowball
Assessor—R. J. Westgate
Superintendent Street Railway—D. W. Houston
Police Magistrate—J. H. Heffernan
Superintendent of Parks—E. Venzke
Superintendent Waterworks—J. M. McKay
Superintendent Light and Power—E. W. Bull
Chief Constable—M. J. Bruton
Chief of Fire Department—W. A. White
Chief Sanitary Inspector—J. A. Bertwistle
Building Inspector—O. T. Falls
License Inspector—S. L. Lyne
Market Clerk and Weighmaster—James Williams

FIRE DEPARTMENT

The fire department is under the control of the City Council. It consists of one chief and 35 paid members.
Chief—W. A. White
Central Fire Hall—Headquarters: 1825-1839 Hamilton Street, Phone 99. Equipped with all motor apparatus as follows: One Chief's Auto, one Motor Hose and Chemical, one Motor Chemical Engine, one Motor Pumping Engine and Hose Wagon, one Motor 75 foot Aerial Ladder Truck
No. 2 Hall—Corner Scarth Street and Eighth Avenue, equipped with one Hose and Chemical Wagon, one 60 foot Ladder Truck
No. 3 Hall—Corner Robinson Street and Fourteenth Avenue, equipped with one Hose and Chemical Wagon, one City Service Ladder Truck
No. 4 Hall—Corner Winnipeg Street and Victoria Avenue, equipped with one Hose Wagon, one Steam Fire Engine
There are 515 fire hydrants in the city and 47 alarm stations

FIRE ALARM BOXES

5—South Railway Street and Broad Street
6—South Railway Street and Hamilton Street
7—South Railway Street and Scarth Street
8—South Railway Street and Lorne Street
9—Albert Street and Eleventh Avenue
12—Cornwall Street and Eleventh Avenue
13—Osler Street and Twelfth Avenue
14—St. John Street and Eleventh Avenue
15—Ottawa Street and Tenth Avenue
16—Montreal Street and Twelfth Avenue
17—Winnipeg Street and Eleventh Avenue

18—Broder Street and Victoria Avenue
21—Cameron Street and Fifteenth Avenue
23—Elphinstone Street and Fifteenth Avenue
24—Retallack Street and Thirteenth Avenue
25—Garnet Street and Victoria Avenue
26—Angus Street and Twelfth Avenue
27—McIntyre Street and Twelfth Avenue
28—Lorne Street and Twelfth Avenue
29—Hamilton Street and Victoria Avenue
31—Smith Street and Victoria Avenue
32—Cornwall Street and Thirteenth Avenue
33—McIntyre Street and Thirteenth Avenue
34—Hamilton Street and Fourteenth Avenue
35—Albert Street and Fourteenth Avenue
36—Lorne Street and Fifteenth Avenue

49—Dewdney Street and Robinson Street
51—Dewdney Street and Albert Street
52—Smith Street and Seventh Avenue
53—Dewdney Street and Rose Street
54—Dewdney Street and St. John Street
56—Broad Street and Eighth Avenue
57—Ottawa Street and Eighth Avenue
58—Scott Street and Fifth Avenue
59—Laird Street and Seventh Avenue
61—Albert Street and Sixth Avenue
62—Retallack Street and Fifth Avenue
63—Garnet Street and Eighth Avenue
64—Athol Street and Ninth Avenue
65—Exhibition Grounds
67—York Street and Eleventh Avenue
71—Dewdney Street and Armour Street
82—Montague Street and Sixteenth Avenue

POLICE DEPARTMENT

The police department is under the control of the Police Commissioners, consisting of the following:

His Worship the Mayor (Chairman)
J. H. Heffernan
Judge Hannon

It consists of a Chief, one Inspector, two Detectives, two Sergeants, three Patrol Sergeants, twenty-two Constables, Police Court Clerk, Chief Constable's Clerk, one Interpreter, two Police Patrol Wagon Drivers and Police Matron.

Clerk of the Police Commission—George Beach
Police Magistrate—J. H. Heffernan
Chief Constable—M. J. Bruton

STREET RAILWAY

The construction of the street railway as a municipal enterprise was projected in 1910. Actual construction began in the early part of 1911 and operation of cars on same was commenced July 29, 1911. At this time the system consisted of about six miles of track and six cars. At the present time there are about 30 miles of track within the city limits, 14¾ miles of this being in pavement. The rolling stock is as follows:

34 passenger cars
2 sweepers
1 snow plow
1 motor haulage car
30 freight cars

Total expenditure up to December 31, 1914, was $1,723,830, of which $266,065 was for cars and car equipment.

Operation statistics for the year ending December 31, 1917, are as follows:

Revenue passengers carried	5,112,460
Transfer passengers carried	625,604
Total passengers carried	5,738,064
Passenger car mileage	920,931
Other car mileage	19,207
Total car mileage	940,138
Passenger Revenue	$216,706.93
Other Revenue	15,020.52
Total Revenue	$231,727.45
Operating Expenditure	119,572.98
Operating Surplus	$ 32,154.47

ELECTRIC LIGHT AND POWER PLANT

The electric light and power system is owned and operated by the city. This utility is not only self-sustaining, but revenue-producing.

The generating plant at old power house consists of four boilers, aggregating 1,000 H.P.

One 450 K.W. low pressure turbine generating unit.

Two 400 K.W. direct current railway units, vertical engine type.

One 1,200 K.W. motor converter, converting from 2,200 volt three-phase to 600 volt direct current.

A new power house has been completed in which the following additional apparatus is installed: Two 1,500 K.W. high pressure turbine generating units; one 3,000 K.W. high pressure generating unit; and six boilers, 3,000 H.P. capacity with Riley mechanical underfeed stokers.

Some 581 arc and 50 incandescent streets lights are in use.

REFUSE DISPOSAL SYSTEM

Regina has now in operation one of the most modern Refuse Disposal Plants on the continent. All refuse collected from the city is hauled to a Central Transfer Station, where it is loaded into steel dump cars. From the Transfer Station, which was specially constructed for this purpose at a cost of $20,000, the refuse is transferred over to the street railway to the incinerating plant at the Disposal Works, a distance of two and a half miles. The Incinerating Plant, recently constructed at a cost of $64,000, has a capacity of 110 tons per 24 hours and is modern in every particular. It is proposed to utilize the steam generated at the plant to drive the pumps at the Disposal Works and to light the grounds.

WATER WORKS SYSTEM

The water works system is owned and operated by the city. The supply of water is obtained from springs and artesian wells at Boggy Creek, about eight miles northeast of the city. A dam constructed across the Creek impounds about 100,000,000 gallons of water, which replenishes the Creek in times of drought. Forty-five wells have been sunk through clay to the water-bearing gravel bed found at an average depth of 100 feet. These wells overflow and yield pure sparkling water. Regina is in a unique positions, as it is the only known instance of a large city deriving the bulk of its supply of water from overflowing artesian wells. A further number of wells will be sunk from time to time as requirements increase. The water is collected into the Barton Pump Well (270,000 gallons capacity), and raised into the Tor Hill reservoir by means of two 2,000,000 gallons per day turbine pumps driven by oil engines. Tor Hill Reservoir is a circular reinforced concrete construction, has a capacity of 5,000,000 gallons and stands about 125 feet above the city level; it is 202 feet in diameter and the maximum depth of water is 25 feet. The spring water is conveyed by 15-inch vitrified pipe to the compensating basin, and thence by 10-inch cast iron main to the city pumping station. The artesian well water gravitates from Tor Hill reservoir to the city through 18-inch main. An additional 25-inch main will be laid to supplement the foregoing.

A new rectangular reinforced concrete reservoir is situated near the city pumping station. It is 150 feet long, 153 feet wide, and hold 21 feet of water, its capacity is 5,000,000 gallons.

The Compensating Basins have a capacity of 1,065,000 gallons.

There are installed at the city pumping station two 2 1-2 million gallon per day steam driven pumps, which can be operated in parallel or in series and furnish a pressure of 60 and 120 pounds per square inch respectively. There are also two steam driven horizontal direct acting pumps, and two 3 1-2 mill steam turbine driven pumps which can be operated in parallel or in series.

The normal domestic pressure by gravity is 40 pounds per square inch; it can be increased by pumping.

The distributing system consists of two trunk mains 24 inches

in diameter, one one 18-inch, with a Venturi meter on each line, the gridiron connections range down to six inches.

PARKS

The area of land set aside for park purposes is about 257 acres and is valued with improvements at $3,300,000.

Wascana Park—Containing about 45 acres and situated to the south of the city, has a frontage of about a quarter of a mile along Wascana Lake, which extends for nearly two miles east, affording excellent facilities for boating, of which full advantage is taken. There is a large boat club building and a boat livery in the park. There is also a bathing house, which is open for the use of the public. A bandstand occupies an appropriate position in the park.

This park, adjoining as it does the ground of the Regina College, and having an outlook over the lake to the Parliament Buildings and grounds, offers excellent facilities for development as an ornamental park.

Victoria Park—Which contains over seven acres, situated in the centre of the city, is laid out as an ornamental garden.

Alexandra Park—Is used as a children's playground and is equipped with suitable gymnastic apparatus.

Stanley Park—During the season of 1915 was replanned and laid out in an appropriate form to suit the surroundings with new walks, flower beds, trees and shrubs. This park forms an appropriate frontage for the Union Depot of the Canadian Pacific and Canadian Northern Railway Companies.

PART III

Educational Information

PUBLIC SCHOOL BOARD

Offices: Third Floor Dominion Trust Building, 1795 Rose

Members of the Board—J. F. Bryant (Chairman), Dr. W. A. Thomson, E. B. McInnis, R. E. Turnbull, H. E. Sampson

Superintendent of Schools—Charles Nivins, B.A.

Secretary-Treasurer—J. H. Cunningham

Attendance Officer—F. G. Haultain

School Nurses—Miss Grace Cooper, Miss Hazel Matthews and Miss Pauline Dayman

School Dentist—Dr. Grace Armstrong

Supervisor of Buildings and Grounds—H. A. Burrows

Supervisor of Mechanical Equipment—H. J. Sharp

Supervisors—Art: Miss K. Colman; Primary Work: Miss A. Stevens; Household Science: Miss W. Westcott, Miss J. McLeneghan
Instructors—Manual Training: A. Kernan, I. B. Pengelley, T. Baines
Stenographer—Miss Beryl B. Byers

SCHOOLS

Victoria—East side of McIntyre between Victoria and 13th Avenues. M. A. Aldredge, principal
Strathcona—East side of Rose between 14th and 15th Avenues. E. O. Walker, principal
Albert—West side of Robinson N. between 7th and 8th Avenues. O. L. Latam, principal
Dominion Park—Winnipeg N, northwest corner 6th Avenue. J. T. Reid, principal
Benson—Myra Street bet. 7th and 8th Avenues. N. D. Detwiler, principal
Wetmore—East side Stuart Street between 14th and 15th Avenues. F. W. Rowan, principal
Connaught—13th Avenue corner Elphinstone. E. J. Anderson, principal
North Annex—w.s. Halifax (North Annex)
Highland Park—e.s. McIntyre (Highland Park)
Kitchener (Washington Park)—Miss C. McClain, principal
Cornwall—7th Avenue cor. Cornwall N.
Model—(Normal School Building). Miss D. C. Creswell, principal
Lakeview—Regina Avenue near Montague

SEPARATE SCHOOLS

Office: Scarth corner Victoria Avenue

Board

Messrs. A. E. Gorman (Chairman), F. X. Kusch, M. F. Malone, G. Engel, J. J. Smith and J. W. Ehmann
Secretary-Treasurer—John J. Sidler

Schools

J. Kelso Hunter, Bursar, 2118 Scarth St., Regina

JESUIT COLLEGE

3136 13th Avenue

President—Rev. T. J. MacMahon, S.J.

CONVENT OF URSULINE SISTERS

2077 Smith

Prefect—Rev. Mother Dominica Gundermann

University of Saskatchewan

(Saskatoon)

The University is situated on the east side of the south branch of the Saskatchewan river. Its site comprises 1,333 acres. About 300 acres, with a frontage of over half a mile on the river, have been set apart for a campus. A portion of the quarter section south of the campus is devoted to plot work, the land being virgin prairie.

The College building is about 220 feet long and 52 feet wide with wings of about 111 feet in length and 30 in width. At the rear is a large hall capable of seating between 500 and 600 people. This building will be used for teaching purposes in Arts and Agriculture. It is located in a position convenient to the Agricultural, Engineering, Horticultural and Dairy Buildings, the Stock Pavilion and Farm buildings so that in time it may be devoted exclusively to the College of Agriculture. Near it are placed the residences for students.

Visitor

Sir Richard S. Lake, Lieutenant-Governor of Saskatchewan

Chancellor

Sir Frederick W. G. Haultain, LL.D.

President

Walter C. Murray, M.A., LL.D.

Senate

Members Ex-Officio

J. Neilson, C.A., B.Acc., Acting Bursar
A. S. Morton, M.A., Librarian
Ethel Tennant, Superintendent of Saskatchewan Hall
Winkona W. Frank, Superintendent of Qu'Appelle Hall
Kathleen Stevenson, Dietician

COLLEGE OF AGRICULTURE

The College of Agriculture is a part of the University and stands in the same relation to the University as does the College of Arts and Science. It has a number of buildings planned and equipped for carrying on its particular work and a staff of its own for the purpose of giving instruction especially in the technical subjects and elementary work in English, Mathematics and Sciences. Its laboratories and equipment are under certain limitations and restrictions, available to students in the other colleges of the University for the purpose of scientific research.

The aim of the College is to give the students under its care a good, practical training in the different technical subjects that bear upon the various phases of agriculture, such as animal husbandry, field husbandry, farm mechanics, farm engineering, dairying, horticulture, tree planting and others; to give them a good, liberal education in various other branches such as will enable them to adapt themselves readily, without great loss of time and energy, to new and varied conditions, and to fit them for their duties as good citizens.

Faculty of Agriculture

William John Rutherford, B.S.A. (Tor.), Dean and Professor of Animal Husbandry
Alexander Rodger Greig, B.Sc. (McGill), Professor of Agricultural Engineering
John Bracken, B.S.A. (Tor.), Professor of Field Husbandry
Thomas Nathaniel Willing, Professor of Natural History
Robert Dawson MacLaurin, Ph.D. (Harv.), Professor of Chemistry
Archibald Richard Weir, B.A. (Sask.), Lecturer in English and Mathematics

John L. Hogg, Ph.D. (Harv.), Professor in Physics
Norman Wright, V.S., Lecturer in Veterinary Science
Raymond K. Baker, B.A. (Man.), Professor of Poultry Husbandry
J. MacGregor Smith, B.S.A. (Man.), Professor of Agriculture
Albert E. Hennings, Ph.D. (Chic.), Assistant Professor of Physics
Walter P. Thompson, Ph.D. (Harv.), Professor of Biology
Alexander M. Shaw, B.S.A. (Tor.), Professor of Animal Husbandry
Kenneth G. MacKay, M.Sc. (Ames), Assistant Professor of Dairying
W. H. Jeffrey Tisdale, B.S.A. (Tor.), Assistant Professor of Animal Husbandry
Norman Ross, Special Lecturer on Horticulture
T. Thorvaldson, Ph.D. (Harv.), Professor of Chemistry
J. S. Dexter, Ph.D. (Col.), Assistant Professor of Biology
L. E. Kirk, B.A., B.S.A. (Sask.), Instructor of Field Husbandry
S. P. Broby, Instructor of Dairying
G. W. Green, B.S.A. (Mich.), Instructor of Field Husbandry
E. A. Hardy, B.S.A. (Ames), Assistant Professor in Agricultural Engineering
A. W. Henry, B.S.A. (Sask.), Instructor of Field Husbandry
H. Ross, B.S.A. (Sask.), Student Assistant in Animal Husbandry
Peter Peters, Assistant in Agricultural Engineering

BEAUTIFUL
TYNDALL MARBLE

Photo of inscription Panel of Winnipeg's newest School cut in one solid block of Tyndall Marble

The Quarries producing this magnificent Stone were opened in 1917. The most Modern Plant in Canada was installed. Any demand can be promptly supplied

Large Solid

Dimension and Mill Blocks

All the highest quality with that beautiful grain

Rubble

Smaller Blocks for Houses and Foundations

Broken Stone

Crushed and Screened to any Specified Size

For Your New Residence—Why not have it built of TYNDALL MARBLE. There is not much additional cost

Ask us about it

Give your Order to your own Contractor. We will Supply him with the material. Call us up and talk it over.

Ground Lime Stone for

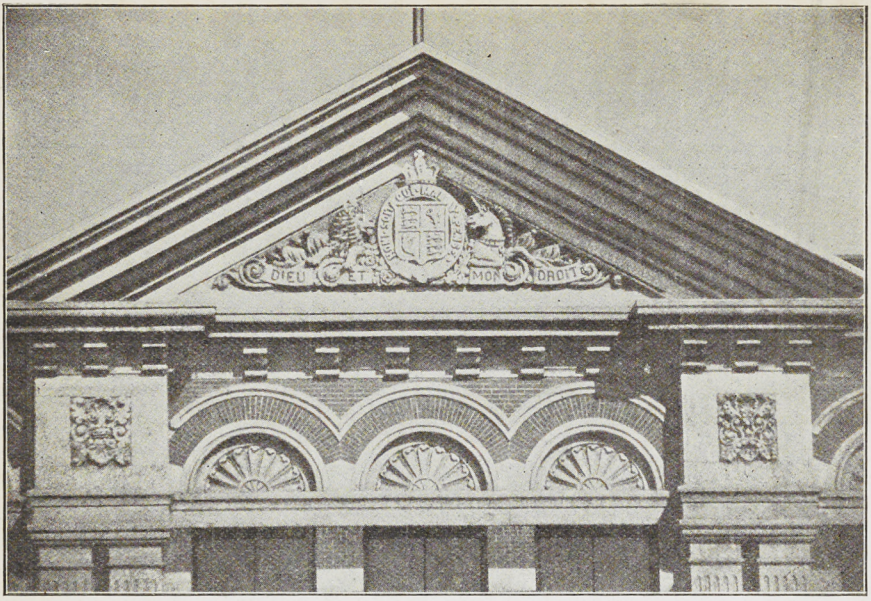
Fertilizer

The finest product known for sour or heavy land

Independent Quarries Limited

Office: 408 McArthur Building **Winnipeg, Man.**

(over)



Note Color of Stone after 35 years exposure to Winnipeg climate. Compare this with any imported stone

For any Class of Building

The Best Stone in the World is

TYNDALL MARBLE

The color improves with age and weather, note the color in above photo, after 35 years. Imported stone grows dark and dirty in this climate.

Quarried in Canada

For all

Government Buildings — Schools
Banks — Churches
Office Buildings — Manufacturing Plants
House Building

Independent Quarries Limited

Office: 408 McArthur Building

Winnipeg, Man.

We are not Contractors or affiliated with any Contractor
We solicit your patronage or enquiry
